

SPRING 2017 note the date

OK, it is time for a drink and something to eat and a chance to check the scores after 5 rounds.

But there is a half time brain teaser for extra points.

Our queen has been on the throne since 1952.

In that time she has seen 13 Prime Ministers and 13 President of the USA.

Name them all and there is extra points if you get them all and in the right order. (The West Enders did)

Good Luck and no cheating.
