Subject: Local School Governor Vacancies

Good afternoon,

I would be grateful if consideration could be given to raise this at your next suitable Parish Council meeting.

I am Vice-Chair of Governors at Flourish Federation which is All Saints CEVA Primary School in Stibbard and North Elmham CEVA Primary School in North Elmham. I am also Vice-Chair of Norfolk Governance Network which represents all governors and trustees in Norfolk.

At Flourish Federation we have three non-staff governors and despite all of our efforts to recruit, we have had little success. We want to ensure that we can strategically support the schools in order for the children to flourish at our schools and All Saints Nursery. However, with such a small board this is a challenge. I am working at the county level to support a recruitment drive but I wanted to also reach out to yourselves to ask for your assistance as our schools serve your parishes.

For more information please do not hesitate to contact me.

Our details are on our Governance page on our website <https://www.flourishfed.com/governance/>

For more information about becoming a governor, I have put together a new page on the Norfolk Governance Network website <https://www.ngn.org.uk/become-a-governor/>

Kind regards,

Alison
